John Mark Rosello

Amazon Listing & E-commerce Specialist | Seller Central, Helium 10, Walmart & eBay

johnm.rosello@gmail.com | Davao City, Philippines (GMT+8) | LinkedIn | Portfolio

Professional Summary

Amazon listing and e-commerce specialist with 7+ years as a remote VA for a US Amazon brand across Amazon, Walmart, eBay, and a branded web store. I combine listing optimization (Helium 10 keyword research, SEO titles and bullets, A+ content) with customer service and daily store operations for a 350+ SKU catalog. Open to full-time or part-time remote roles, flexible across US time zones. I work best async: I document my work, send clear written updates, and deliver without close supervision.

Skills & Tools

Marketplaces & listing tools: Amazon Seller Central | Walmart Marketplace | eBay | Listing Mirror | Helium 10 | Data Dive | GS1 US

Listings: SEO titles, bullets & descriptions | A+ content | Backend search terms | Competitor review analysis | Catalog & SKU management (350+ SKUs)

Customer service & operations: Freshdesk | Marketplace message centers | Brevo | Warranty replacements | 3PL coordination | Deals & promotions | SOP writing

AI & productivity: Claude | ChatGPT | Grammarly | Google Workspace | Microsoft 365 | Microsoft Teams | TeamPassword | Learning Amazon PPC & Python

Remote setup: Converge Fiber 100 Mbps + Smart 5G backup | Laptop & desktop PC | Dual monitors | Headset & HD webcam | Quiet home office

Languages: English (Proficient) | Filipino (Native)

Professional Experience

E-commerce Virtual Assistant | Listings, Operations & Customer Service

Tech Armor (Remote) | July 2019 – Present

Listings & Catalog

- Create and optimize listings on Amazon, Walmart, and eBay, writing SEO titles, bullet points, descriptions, backend search terms, and A+ content
- Research keywords with Helium 10 and Data Dive, and mine competitor reviews for listing copy
- Built an AI listing workflow that cut writing time from 2 hours to 35 minutes per listing
- Maintain 350+ SKUs across marketplaces, keeping pricing and listing quality accurate
- Manage UPCs through GS1 US and research cost savings like the Amazon GTIN exemption

Customer Service & Order Support

- Answer customers on Amazon, Walmart, eBay, and the website (Freshdesk), up to 100+ a day at peak
- Process warranty replacement orders directly with the 3PL
- Built Reply Desk, a Claude-powered reply tool with templates for common issues
- Contributed to a 4.9-star Trustpilot rating, with customers praising fast, helpful replies

Store Operations

- Build web store pages for product launches and set up deals and promotions
- Check marketplace stock against the 3PL for non-FBA SKUs
- Schedule Facebook and Instagram posts and coordinate images with the design team
- Wrote SOPs for customer service and listing tasks, and trained a new team member

Data Annotator | 3D LiDAR Tasker & Reviewer

Remotasks (Remote) & KKC Outsourcing (Davao City) | Oct 2018 – Mar 2021

- Annotated 200+ LiDAR images a day for autonomous vehicle datasets; promoted from Tasker to Super Reviewer for quality control

Education & Certifications

Amazon SEO & Listing Optimization Certification | Udemy | 2026

Python Certification | freeCodeCamp | In progress

Undergraduate Studies in Information Technology | University of Southeastern Philippines | 2015 – 2017
